Sector قطاع
Business Line خط إنتاج

Note: Currently, Greenline has two Business Sectors (Sub-Divisions), with a new third Business Sector under development:
 a) Environmental Renovation, Environmental Maintenance (S&S), Micro-Tunneling & Shafts, M.W.W.TP and Roads Infra structure
 b) Landscaping and Construction (Construction is in process of development & Upgrading)
 c) Oil & Gas (this third SECTOR / Sub-Division is also under development in coordination with Mr. Amyreh of Saudi Fiberglass)

Each SECTOR must (and Does today) have its own Contracts Management Division to handle the various Business Lines related to the SECTOR as well as the various projects within each of the Business Lines .

The head of each Business Line (Typically a Chief engineer) reports today directly to the SECTOR Manager.

The head of each SECTOR (Typically a Sector Manager) reports today directly to Chairman / GM. Eventually, he should report to a new eventual position entitled Contracting Division General Manager.
