## QUALITY POLICY STATEMENT

It is the policy of **GL** to provide superlative Project Execution of Infrastructure, Road Maintenance and Renovation projects. At Greenline, we believe that dedication to effectual quality in everything we do is the keystone upon which a sound business is built

Greenline's fundamental principles include the following:

- ☐ **Greenline** delivers quality service by ensuring that our Customer, Social, Environmental, Applicable statutory & Regulatory requirements are determined, understood and consistently met to achieve superior financial performance & growth.
- ☐ **Greenline** Management and Employees are closely engaged in the planning and effective implementation of our ISO-9001:2015 Management System and work continually toward maintaining and improving the system.
- ☐ **Greenline** unwavering commitment to our core values and mission, that delivers the level of consistent and superior service that sets us apart from other contracting competitors.
- ☐ **Greenline** has effectively communicated its set objectives to all company divisions to ensure risks and opportunities that can affect conformity of our services and the ability to enhance customer satisfaction are determined and addressed.

With this strategy, Greenline can achieve the level of overall performance excellence that is required to excel and to achieve our financial goals.
